In 1998, NASW conducted a survey of its membership, in which respondents clearly identified the need and a strong level of interest in a national certification program in areas of social work specialization established and created by NASW. The NASW Specialty Certifications Program was launched early in 2000 to help the Association’s members in today’s competitive workplace attain:

- Enhanced professional and public recognition
- Increased visibility as specialized social workers
- Association with a select group of specialized social workers who have attained national distinction.

NASW Specialty Certifications, available to degreed social workers only, provides a vehicle for recognizing social workers who have met national standards and possess specialized knowledge, skills, and experience. NASW is committed to assisting with the process of certifying social workers and working to emphasize the importance of employing social workers who have specialized training and experience.

NASW Specialty Certifications provide recognition to those who have met national standards for higher levels of experience and knowledge and are not a substitute for state licenses.

**SOCIAL WORK IN HEALTH CARE**

Health care is a dynamic field, influenced by changes in patient characteristics and needs, lifestyle, new technology, popular belief, social, and health policy, national and local economies, cost, competition and regulation. Changes in the health care field directly affect the practice of social work in health care settings.

As new technologies for the diagnosis and treatment are developed, they impact the quality and duration of the lives of our patients. Social workers respond to these changing care needs by modifying and expanding methods for providing services.

Social work in health care can be defined broadly as the professional continuum of services designed to help individuals, groups, and families improve or maintain optimal health functioning. Social work activities are focused on the biopsychosocial components of health and/or mental health from a strengths-based perspective. Social work services are available to all patients and their families, particularly those at high risk such as the frail elderly, children or adults with chronic illnesses, victims of maltreatment, those with life altering illnesses or accidents, and patients who are uninsured or underinsured.

In addition to providing direct care services to patients and their families, social workers provide leadership in their health care organizations through the development of new resources, services, and programs to meet patient needs. Social work professionals use their practice experience and knowledge to develop standards of practice, recommend health policy, improve health programs, and ensure patients, families, and organizations receive high quality and state of the art social work services.

**CORE FUNCTIONS**

- **Psychosocial Assessment**—assessment, goal planning, evaluation, intervention
- **Resource Management**—financial counseling, coordinating/developing/maintaining community resources
- **Continuity of Care Planning**—admission diversion, discharge planning, transitions
- **Psychosocial Interventions**—counseling, adaptation to illness/loss, support groups, end of life issues, advance directives
- **Crisis Intervention**—life span violence, neglect, trauma, new life altering diseases
- **Health Education**—patient/family, interdisciplinary training, community education
- **Interdisciplinary Collaboration**—advocacy, teamwork, leadership, consultation/liaison/institutional/community committees.
Membership in NASW is not required to hold any NASW Specialty Credentials. However, if you are a current NASW member, your membership must be in good standing to receive the discounted rate. Associate members are not eligible for NASW Specialty Certifications.

1. EDUCATION

MSW—The applicant must hold a Master’s degree in social work from an accredited university. The program must have been accredited at the time the degree was received.

An original transcript is required and must be sent in a sealed envelope directly to NASW (see instructions on page 3). If you were admitted to NASW’s ACSW (Academy of Certified Social Workers) in 1989 or later or received NASW’s QCSW (Qualified Clinical Social Worker) or DCSW (Diplomate in Clinical Social Work) credential in 1996 or later, you do not have to submit an original transcript. Otherwise, there are NO exceptions.

2. EXPERIENCE

The applicant must have two years (3,000 hours, not counting administrative duties, approximately 30 hours per week of direct client-level health related social work tasks) of post-MSW degree, full-time, paid, professionally supervised (see SUPERVISION) work experience as a health care social worker.

Health care social work functions as described in this booklet (page 1) must constitute the primary job responsibilities. Experience must be completed at the time of the application and must have been completed in no less than 24 months. Health care social work practice must also be current, within the 5 years preceding submission of this application.

3. SUPERVISION AND SUPERVISORY EVALUATION

Supervisory evaluation reference(s) must correspond in time to the qualifying experience submitted. Supervision must cover a minimum of two years (3,000 hours, not counting administrative duties, of approximately 30 hours per week of direct client-level tasks) of post-MSW degree, full-time, paid work experience as a health care social worker in an agency or institutional setting. The supervisor(s) must be able to evaluate the applicant's health care social work skills, knowledge, and abilities across the core functions described in this booklet.

Social Work Supervision is Preferred

- Supervision from an MSW health care social worker with at least two years post-MSW experience as a health care social worker

References will not be accepted from non-social work degreeed persons who have been granted social work licenses by individual states.

Alternate Supervisors

If MSW supervision as described above has not been available, a supervisory evaluation and documentation of hours of supervision will be accepted from a master's level or higher allied professional who is licensed, registered or certified in their respective profession. Allied professions include medicine, nursing, education, law, and other behavioral health practitioners. For example:

- Licensed MD
- Licensed registered nurse or higher
- Licensed health care administrator (specific license)
- Licensed clinical psychologist (PhD)
- Licensed psychologist (PhD)

Hours of Supervision

Supervision should occur at a rate of one hour of direct supervision for each 30 hours of direct client-level health care social work practice, or one hour weekly.

4. SOCIAL WORK REFERENCE

Confidential reference from an MSW social work colleague. The colleague reference cannot be from someone you supervise. The colleague reference cannot be completed by the same person who completed the supervisory evaluation.
5. LICENSE/CREDENTIALS
(Only ONE of the following is required)

• The DCSW or ACSW (Academy of Certified Social Workers) may only be used by active-duty military personnel and social workers residing in foreign countries.
• Current exam-based state issued MSW-level license. (Current copy with expiration date required)
• A passing score on the ASWB (Association of Social Work Boards) MSW-level exam. This option is intended for more recent MSW graduates who are in the process of applying for licensure and have completed the exam requirement but have not yet received the actual social work license.

6. AFFIRMATION OF PROFESSIONAL STANDARDS AND STATEMENT OF UNDERSTANDING

CERTIFICATES
Applicants who meet all eligibility criteria and successfully qualify for the C-SWHC will receive a certificate suitable for wall display. Each renewal period, those who successfully renew (see renewal) will receive an updated seal to place on the original certificate.

RENEWAL
• Renewal occurs every two years.
• 20 contact hours of continuing education relevant to health care social work are required.
• The current MSW level state social work licensure is required.

INSTRUCTIONS AND OTHER INFORMATION

GRADUATES OF FOREIGN SCHOOLS
Degrees from foreign universities must be evaluated by CSWE for equivalence to a degree received in the United States. For information about this process, including applicable fees, please contact:
Council on Social Work Education
1701 Duke Street, Suite 200, Alexandria, Virginia 22314
703.683.8080 • Fax: 703.683.8099 • www.cswe.org
CSWE generally completes equivalency evaluations within four weeks after receiving a request and supporting documents. It is recommended that applicants start the evaluation process at least two months before submission of a NASW credential application. An acceptance letter from CSWE must be included with the credential application.

FEES
Certified Social Worker in Health Care (C-SWHC)

PROCESSING OF APPLICATIONS

Please allow up to 6 weeks for processing from the date we receive your application. No acknowledgement of our receipt of your application will be sent to you.

APPROVED APPLICATIONS

Applicants who successfully meet all criteria will be sent an approval letter and certificate suitable for framing. If renewed successfully, certificate holders will be sent a seal updating the certification for each renewal period. (Replacement certificates will be issued at a cost of $20 each).

OMISSIONS OR INCORRECT SUBMISSIONS

Applicants omitting required items or sending incorrect items will be notified and will be given a reasonable amount of time to complete or correct their application. Any application for which the required materials are not received by the established deadline will be deemed ineligible.

APPLICATIONS DEEMED INELIGIBLE

Any application that does not meet all of the criteria outlined in this booklet will be deemed ineligible.

REFUND POLICY

A processing fee equal to the total application fee will be retained. Letters of explanation will be mailed to all applicants who have been deemed ineligible.
Frequently Asked Questions

About NASW Specialty Certifications

Why are these Specialty Certifications being offered?

• In response to member and chapter requests. NASW conducted a membership survey in 1997 that showed a 60 percent interest in certifications. A follow-up credentials survey was done in 1998, with a 70 percent response rate showing a desire for NASW to develop specialty certifications.

Why did NASW create a certification in health care?

• While many disciplines in health care have advanced certifications and credentials, there is no other certification available exclusively for social workers specific to health care.
• Social workers in health care want to be recognized for the unique skills and abilities required to work in this setting.
• Health care is extremely dynamic and is influenced by a multitude of factors that affect the practice of social work in health care settings and impact the quality and duration of life. This certification will provide the proof of competency for social workers that many health care institutions require of all disciplines.

I already have my social work license in my state. Do I need to get one of your Specialty Certifications?

• NASW certifications and credentials are not a substitute for any certification or license required by your state to practice social work.
• Holders of NASW Specialty certifications are recognized for achieving high professional social work standards set by their national professional organization.
• NASW Specialty certifications are voluntary national professional certifications. Many NASW members choose to apply and maintain NASW credentials and certifications as an enhancement of their personal professional identity.

SOCIAL WORK EDUCATION

Do I have to have a social work degree to apply for these certifications?

• Yes. Applicants must have an MSW from an accredited university.
• Under no circumstances will any other degrees be accepted, even if one was “grandparented” into a state social work license with a non-social work degree.

TRANSCRIPTS

I have a copy of my transcript, can I send it?

• No. Official transcripts issued by the Office of the Registrar are required and must be mailed directly from the school to NASW in a sealed envelope. Transcripts issued to students or copies of transcripts will not be accepted. Original transcripts must be sent directly from the school to:
  
  NASW Credentialing Center  
  Specialty Certifications  
  750 First Street, NE, Suite 800  
  Washington, DC 20002-4241

• Exceptions. Original transcripts are not required under the following circumstances ONLY:
  • Those who were admitted to NASW’s ACSW (Academy of Certified Social Workers) in 1989 or later or who received NASW’s QCSW (Qualified Clinical Social Worker) or DCSW (Diplomate in Clinical Social Work) in 1996 or later.

I have a social work license in my state. Why do I have to send a transcript?

• Holding a social work license does not prove that you have an MSW from an accredited university. Some states have “grandparented in” state social work licensing applicants who do not have an MSW, but who have other (non-social work) degrees.

I have been an NASW member for years. I received the ACSW before 1989. I received the QCSW/DCSW before 1996. Why do I have to send a transcript?

• NASW now provides a great deal of “primary verification” confirming that NASW members’ credentials and certifications are held and in good standing. Part of our responsibility is to verify that we have obtained and reviewed original documentation, including original sealed transcripts sent directly to us from the schools. Before 1989 for the ACSW and before 1996 for the QCSW/DCSW, we were not requiring applicants to have their schools send original sealed transcripts as part of their applications for our credentials.

Can I send a photocopy of my diploma instead?

• No.
SUPERVISION—REFERENCE FORMS

I don’t/didn’t have an MSW supervisor; can I use the other supervisor I had?

• There are some alternate supervisors from whom references will be accepted. See supervision requirements for each certification.

Can the supervisory evaluation form and the colleague reference form be completed by the same person?

• No. The forms must be completed by two different people.

RENEWAL

I understand that renewal will be required every two years. Does that mean I have to pay the original fee each time I renew?

• No, the renewal fee will not be equal to the original fee.

I have to complete 40 continuing education contact hours every two years to renew my state social work license. Do I have to complete 20 hours every two years in addition to the 40 required by my state to renew the Certified Social Worker in Health Care certification?

• No. As long as the content of the continuing education you have completed toward the renewal of your state license can be tied to the core functions of social work in health care, you should be able to submit the same trainings for the renewal of your NASW Certified Social Worker in Health Care.

I am confused because the NASW Standards for Continuing Professional Education state that I should complete 48 hours of continuing education every two years. This certification says I need only 20 hours every two years to renew. Which one is correct?

• They are both correct. The NASW Standards recommend that members complete 48 hours of continuing education over a two-year period. However, for the purposes of renewing the Certified Social Worker in Health Care Certification, proof of 20 hours specifically relevant to your health care social work practice is required.

AFFIRMATION OF PROFESSIONAL STANDARDS

Have you ever been found in violation of a state social work licensing law or regulation or the NASW Code of Ethics or are there any cases pending against you?

☐ NO

☐ YES—I understand that NASW certifications will not be awarded until violations are satisfactorily reviewed. (Attach an explanation of the corrective action taken and the current status of this matter.)

I certify that my social work practice conforms to the NASW Code of Ethics and the NASW Standards for Continuing Professional Education. I further agree to adhere to the NASW Code of Ethics and the NASW Standards for Continuing Professional Education, and to voluntarily participate, if requested to do so, in any NASW adjudication proceedings involving alleged violations of the NASW Code of Ethics, and to be subject to any verification process established by NASW concerning practice and continuing education standards.

I understand that refusal or failure to participate in an adjudication proceeding or verification process may be grounds for revocation of this certification. I further understand that NASW reserves the right to revoke NASW social work certifications of any person found to have violated the NASW Code of Ethics, or found to be noncompliant with the NASW Standards for Continuing Professional Education, or whose state license to practice has been terminated or suspended by a duly authorized state regulatory agency. The Code of Ethics and all NASW Standards are available online at www.socialworkers.org

STATEMENT OF UNDERSTANDING

I hereby apply for specialty certification as a Certified Social Worker in Health Care

I understand that my certification depends on successful completion of the certification procedure and my ability to meet all requirements and qualifications. I certify that the information contained in this application is true, complete, and correct to the best of my knowledge and is made in good faith. I further understand that if any information is later determined to be false, NASW reserves the right to revoke any certification that has been granted on the basis thereof. I further understand that NASW reserves the right to terminate the certification of any person who is found to be in violation of the NASW Code of Ethics or state social work laws or regulations.

I understand that continued use of the CERTIFIED SOCIAL WORKER IN HEALTH CARE designation depends on payment of the certification renewal fee and such other requirements as NASW may stipulate, and if at any time, my CERTIFIED SOCIAL WORKER IN HEALTH CARE status is not active, I may not designate myself as a CERTIFIED SOCIAL WORKER IN HEALTH CARE.

I hereby release, discharge, and exonerate NASW, its directors, officers, members, examiners, representatives, and agents, including the Competence Certification Commission, from any actions, suits, obligations, damages, claims or demands arising out of, or in connection with any aspect of the application process including results, or decisions on the part of NASW and/or its agents which may include a decision to not issue me a certificate.

When this section is completed, give the entire form to the SUPERVISOR for completion. The supervisor must return the completed reference to you in a sealed envelope with his or her signature across the seal. Unsealed or unsigned envelopes will not be accepted and will be returned to the applicant.

THE REMAINDER OF THIS FORM MUST BE COMPLETED BY SUPERVISORY REFERENCE

Dear Supervisor:

You have been selected to complete this reference form by a social worker applying for NASW's Certified Social Worker in Health Care. The information that you provide on this form will help establish the applicant's eligibility for the Certified Social Worker in Health Care. References must be able to evaluate the applicant's social work in health care practice across core knowledge and skill areas of social work in health care and must be able to answer at least 31 of the 35 questions. (Only four of the questions can be marked “not applicable” or “unable to rate”). Please review the form before completing. If you are unable to complete the form as required, please notify the applicant. Otherwise, please return the completed form in an envelope with your signature over the sealed flap to the applicant. Thank you for your contribution to maintaining high professional standards for the social work profession.

Supervision Requirements

Supervisor Qualifications

Applicants for the Certified Social Worker in Health Care must be supervised by an MSW social worker with at least two years health care experience. If the applicant has not had access to a qualified MSW supervisor, an alternate supervisor can complete the supervisory evaluation (See Alternate Supervisors, pg. 2).
